All Concerned

Dear Sir/Madam,

Thanks for the contribution to the students of AMU in the form of instituting **Donors' Scholarship** for needy and meritorious students of this university which is being awarded since long. It has been observed that in the present days the amount of the scholarship is so meagre that the students are not interested in it and therefore, the scholarship could not be awarded as the students do not apply for the said scholarship for such a meagre amount.

In view of the above fact, it is proposed that all such scholarships of lesser amount may be merged/clubbed faculty-wise so that the amount of scholarship becomes reasonable and may be awarded to the needy and deserving meritorious students of the university.

In this connection, you are requested to kindly give your comments/opinion **upto 22nd March 2014** so as to proceed in the matter.

Hoping to hear a reply from your end at the earliest.

With kind regards,

Yours sincerely,

(Prof. Anis Ismail)
