<td>2(b) Local professionally employed personnel such as working engineers, scientists and teachers may also be admitted as part time student to the M.Tech. program in the relevant branch, over and above the sanctioned intake.</td>
<td>Provided that a teacher/Practicing Engineer/Research Scientist from Govt./Semi Govt./Public Sector undertaking may also be admitted as a sponsored/Part time candidate to the regular course of study for Master of Technology degree in the relevant branch of engineering, over and above the sanctioned intake. However, for sponsored candidate period of course will be applicable to sponsored candidate as applicable to the regular candidate. Provided further that Rs.50,000/- per annum will be charged towards development charges from sponsored candidate</td>

<td>The phrase 'local professionally employed personnel' in the clause of the existing ordinances is prone to misuse and may become a source of back-door entry into M.Tech program. Therefore it has been specified that the candidate should be from Govt./semi-Govt. / Public Sector undertaking for being admitted to the M.Tech. program and the sponsored candidate should pay a substantial amount as development charges.</td>
