Open Gov Data Hackathon

Open Government Data (OGD) Platform India is at the forefront in promoting innovation in Open Data ecosystem. NIC, in association with IAMAI & StartUp India has organized a Hackathon – “#OpenGovDataHack”, for Students, Entrepreneurs, Innovators, Start-ups, Developers and Community to create unique and innovative service delivery Applications & Info-Graphics to foster innovation. The Hackathon is conducted nationwide in 7 cities & online. The seven cities are Surat, Patna, Jaipur, Chennai, Bhubaneswar, Hyderabad and Noida. The sectors selected for the Hackathon are Drinking Water & Sanitation, Transport, Education, Crime and Health.

Themes
#OpenGovDataHack is for development of Apps and Info-graphics on the following themes/sectors:
• Drinking Water and Sanitation
• Health
• Education
• Transport
• Crime

Challenges
An individual/team can participate in one challenge only; either onsite city or online challenge and can submit only one project (Apps or Info-graphics). Following are the details of City and Online Challenges.

Onsite City Challenge
The Onsite city Challenge will be conducted in the following seven cities on specific venues and dates and time (to be announced in due course of time-TBD):
