Educational Tour to Behrampore Organized by Department of Business Administration, AMU Murshidabad Centre

Students of the Department of Business Administration, AMU Murshidabad Centre recently visited the Central Sericultural Research & Training Institute (CSR&TI) and Government College of Engineering & Textile Technology (GCETT), Berhampore as a part of the Annual Educational Tour. The students interacted with faculty members and students of these two premier institutes. They observed and got familiarized with the different modern techniques of textile manufacturing and sericulture.

Dr. Badaruddoza, Director, AMU Murshidabad Centre said that the Centre is consistently striving to provide opportunities to the students for their holistic personality development. He further added that MBA students are required to have practical orientation along with academic learning.

The tour was arranged under the guidance of Course Coordinator-MBA, Dr. Nigamananda Biswas (Associate Professor) along with Dr. Rashid Usman Ansari (Assistant Professor) and Mr. Mofikul Islam (Assistant Professor).

Central Sericultural Research & Training Institute (CSR&TI), Berhampore is a premier research station established during early 1943 to provide the research and development support for the promotion of silk industry in the Eastern and Northeastern region. Government College of Engineering & Textile Technology Berhampore (GCETT) is a college of West Bengal University of Technology in Berhampore.
