Vision and Mission

Department of Agricultural Microbiology
Faculty of Agricultural Sciences
A.M.U., Aligarh

Vision

➢ Following the golden traditions of the Aligarh Muslim University and the dreams of Sir Syed Ahmad Khan, we strive hard to bring academic laurels to our alma mater and serve the greater cause of humanity.

➢ Strengthening teaching, research and innovation to produce highly trained and dedicated workforce in the field of microbial exploration and exploitation

Mission

➢ To provide quality education, training and research for the development of a knowledgeable populace.

➢ To impart scientific and technical knowledge in all domains of microbiology, nanotechnology and natural products for solving the problems of local and global importance.

➢ To develop highly motivated and trained researchers as future leaders for global academic and industrial markets.

➢ To establish microbial culture collection and bio-resource management facility to help facilitate agricultural research and agroindustry.
