The Internal Complaints Committee, AMU along with its members organized two activities to mark the “Swachhta Pakhwada” as per the instructions of Ministry of Human Resource Development.

On 15.9.2018, the Internal Complaints Committee planted saplings to ensure Green Campus as it feels that in the face of growing ecological imbalance and environmental depletions, tree plantation is the single most effective intervention in reversing global warming.

Further, the Internal Complaints Committee installed green and blue bins to check littering and maintaining cleanliness in the Campus. Along with the Presiding Officer Prof Shaheena Tarannum, the event was attended by Prof Sangeeta Singhal, Dr Farah Ashar, Dr Fazila Shahnawaz, Dr Shaista Bedar, Mr Javed Said, Mr. Yashpal Sing.

The ICC is grateful to the Office of Land and Garden AMU, Prof Jaffer Abidi, MIC University Health Service AMU and Mr. Ajay Rai, Nagar Nigam for their support and cooperation in making both the events possible.

(Prof. ShaheenaTarannum)
Presiding Officer
