| 1.    | Linguistics                        | 11.8.2018   | 1. (a) M.A. Linguistics or Applied Linguistics  
(b) Students who do not possess the above required essential qualification but have done M.A. in allied/interrelated discipline can be considered for admission to Ph.D. program in Linguistics. Such students are, however, required to clear a 'Foundation Course in Language and Linguistics' assigned by the RAC, which will be in addition to Paper II. |
| 2.    | Civil Engineering                  | 14.8.2018   | 2.(a) M.A. LAMM  
(b) Students who do not possess the above required essential qualification but have done M.A. in Management Studies (Advertising and Market) and Mass Communication can be considered for admission to Ph.D. program in LAMM. Such students are, however, required to clear a 'Foundation Course in Language and Linguistics' assigned by the RAC, which will be in addition to Paper II.  
- Building Engineering  
- Structural Engineering  
- Infrastructure Engineering  
- Earthquake Engineering  
- Construction Technology  
- Construction Management  
- Offshore Engineering  
- Structural Dynamics  
- Hydraulics  
- Fluid Mechanics  
- Hydraulic Structures  
- Water Resources  
- Engineering  
- Hydrology  
- Irrigation Engineering  
- Hydroelectric Engineering  
- Watershed Management  
- Ground Water Engineering  
- Geomatics/ Geoinformatics  
- Environmental Engineering  
- Geotechnical  
- Geomatics  
- Soil Engineering  
- Foundation Engineering  
- Rock Mechanics  
- Transportation Engineering  
- Earthquake Engineering  
- Geo Environmental Engineering  
- Soil Dynamics  
- Underground Structures |

2. Applied Physics                                                                      |
| 7.  | Interdisciplinary Brain Research Centre       | 13.8.2018 | Non-Medical  
M.Sc. with 55% marks in Biochemistry/Clinical Biochemistry/Medical Biochemistry/Biotechnology/Zoology/Biophysics/Biosciences/Life Sciences (Non-plant stream)  
Medical  
M.D. (Medicine/Psychiatry/Biochemistry/Pharmacology)  
M.CH. (Neuro Surgery)/DM (Neurology) |
In addition to above, a candidate should have a B.Tech. degree with at least coverage of ten of the following subjects:
- Circuit Theory  
- Electronic Devices  
- Signals & Systems  
- Logic Theory & Digital Circuits  
- Digital Electronics  
- Analog Electronics  
- Principles of Communication Engineering  
- Digital Communication  
- Digital Signal Processing  
- IC Design & Technology  
- Microprocessor & Microcontrollers  
- Electromagnetics |
(b) B.Sc. with Zoology as the main subject and any two of the following subsidiary subjects Botany/Chemistry/Genetics/Biochemistry/Biotechnology/Fisheries.  
OR  
B.Sc. with Zoology as one of the subjects of equal value along with any two of the following optional subjects:
- Botany/Chemistry/Genetics/Biochemistry/Biotechnology/Fisheries.  
The candidate must have secured at least 55% marks in Zoology as well as 55% marks in aggregate of Zoology and Subsidiary/optional subjects.  
2. The candidate appearing for written examination may choose any of the offered five sections of the subjective part and he/she will be given admission only in that area of specialization.  
3. The candidates (JRF, NET, GATE) who are exempted from appearing in the entrance test and directly appear in the interview, and did not have any of the five specializations at M.Sc. level, a committee constituted by the Chairperson will decide the allocation of specialization (branch) to such candidates. |
| 10. | Biochemistry (Life Science)                   | 25.8.2018 | Master's degree or its equivalent recognized by the university in any of the following subjects:
Biochemistry/Biochemistry & Molecular Biology/Clinical Biochemistry/Medical Biochemistry with not less than 55% marks in the aggregate or its equivalent CPI/CGPA/NAG. |
The action of the Vice-Chancellor will be reported in the meeting of the Faculties concerned and Academic Council. The change in the Guide to Admissions 2018-19 be made accordingly.
