4. For smooth functioning of sleep lab, a fixed wager with expertise in sleep disorders should be appointed @ 7000/- per month  
   **Justification:** sleep lab was established in 2017 after repeated request to provide a D/w for lab it was not turned down. The company who established the lab (Philips Ltd) had provided a sleep technician on complimentary basis, but now they are reluctant to provide the same, hence, there is need to appoint a sleep technician urgent basis.
