Host: Department Of Wildlife Sciences Aligarh Muslim University Wildlife Institute Of India Dehradun

21 Oct - 23 Oct 2019
Aligarh Muslim University
U.P, India
DEPARTMENT OF WILDLIFE SCIENCES

The Department of Wildlife Sciences was established in 1986 to formally start education and scientific research in the field of wildlife conservation and management in the country. It has a unique distinction of being the first and only post graduate Department in the Indian University System. Today, the department is recognized all over the country for its quality trained human resource in Wildlife and impeccable record of advance research in wildlife ecology, management and conservation. The trained human resource is working with various wildlife organizations of national and international repute. During its initial phase of establishment, the Department has successfully completed five-years’ faculty exchange programme under the aegis of British Council UGC/AMU. The faculty members of the department have successfully completed 45 research projects sponsored by national and International agencies including Ministry of Science & Technology, Ministry of Environment & Forests, US Fish & Wildlife Service, USAID, Smithsonian Institute etc. The Department has also implemented research projects in Yemen and Afghanistan.
Wildlife Institute of India (WII) is an internationally acclaimed Institution for offering training programs, academic courses and advisory in wildlife research and management. The Institute is actively engaged in research on biodiversity related issues.
