Title of the paper for poster presentation.....
.....
Place..... Signature.....

Duly filled registration form should be submitted along with the requisite fee in cash in the office of the Chairman, Department of Zoology, Aligarh Muslim University by 20.10.2019.

National Symposium on

"Biodiversity and Sustainable Development"

2nd November, 2019

Organized by

Department of Zoology

Aligarh Muslim University

Aligarh-202002, India.

ALIGARH MUSLIM UNIVERSITY

Aligarh Muslim University (AMU) is situated at a distance of 130 Km south-east of Delhi. It is well connected by Delhi-Kolkata Railway line and National Highway 91. It occupies a unique position amongst universities and institutions of higher learning in the country. It was established in 1920 and evolved out of the Muhammadan Anglo-Oriental College (MAO College) which was set up in 1877 by the great visionary and social reformer, Sir Syed Ahmad Khan. Since its very inception, it has kept its door open to the members of all communities and from all corners of the country and the world. AMU is the realization of the broad, far reaching and realistic goals of visionaries of the Aligarh Movement.

AMU is spread over 467.6 hectares in the city of Aligarh, offers more than 300 courses in the traditional and modern branches of education. It draws students from all states of India and from different countries. In some courses, seats are reserved for students from SAARC and Commonwealth Countries. The university is open to all irrespective of caste, creed, religion and gender.

AMU has more than 30000 students, 1400 teachers and about 6000 non-teaching staff. The university comprises a wide spectrum of academic disciplines and now has 13 faculties having 107 departments of studies, 7 colleges, 19 centres, 3 institutes, 2 polytechnics, 10 schools and 3 off campus AMU centres. A special feature of the university is its residential character with most of the students residing within the campus. There are 19 halls of residence for students with 80 hostels. AMU has regularly been ranked among top Indian Universities in recent years.

DEPARTMENT OF ZOOLOGY

The Department of Zoology was established as a constituent section of the MAO College in 1906. It was upgraded as an independent unit in 1922 with Dr. M. Sharif as its first Head. Prof. Mohammad Babar Mirza joined the Department as Head in January 1930 and moulded the destiny of the Department during long thirty years of his tenure. The Department had a string of luminaries in different disciplines of Zoology viz, Prof Shah Mashood Alam, Professor S. Z. Qasim FNA, FNASC., FASC., Professor M. Shamin Jairajpuri, FNA, FNASC., FASC., FTWAS, Professor A. K. Jafri FNASC., to name a few. In the recent past, Professor Wasim Ahmad FNASC, FNASC and Professor Qudusiah Tahseen, FNA, FNASC., FASC. are notable for their contribution to taxonomy and biodiversity.

The Faculty members of the Department are actively involved

in various research areas such as Human Genetics, Genetic Toxicology, Hepatology and Protomics, Cancer, Stem cells, Neuropharmacology, Behaviour and Cognitive Sciences, Fish Nutrition and Feed technology, Fishery Science, Fish Biology, Limnology, Aquatic Toxicology, Ecophysiology, Phytoremediation, Mycoremediation, Insect and Nematode Diversity and Ecology, Integrated Pest Management, Behaviour and Physiology of insects and nematodes, Molecular and Biochemical aspects of Malaria, Leishmaniasis, Toxoplasmosis, Immunology and Immunodiagnosis of Protozoan and Helminth Parasites. The US News Education has currently ranked AMU at 294th in the world for studying biology and bio-chemistry. The Life Science faculty ranked number one among Indian Universities in Times Higher Education-India ranking 2018.

ABOUT THE SYMPOSIUM

The objective of the symposium is to bring the academicians and scientists to a single platform for the exchange of ideas and expertise and to share their experiences in the challenging areas of biodiversity. The symposium also aims to deliberate and discuss above-ground and below-ground diversity, soil nutrient cycling, ecosystem multifunctionality, climate change, carbon sequestration and agriculture sustainability. Leading biodiversity experts and ecologists will be delivering lecture in the symposium.

PATRON

Prof. Tariq Mansoor

Vice-Chancellor
Aligarh Muslim University

CO-PATRONS
