Objectives

With shrinking job opportunities in public and private sectors, entrepreneurship is rapidly becoming a viable career option for educated youths. Several hindrances and problems inhibit entrepreneurial development. To avoid these, ‘Entrepreneurial Development Programmes (EDP)’ are formulated along with other efforts. These programmes are helpful in preparing new entrepreneurs and make the path for the creation of a better society.

People define many objectives of entrepreneurship. One of the foremost is creating jobs for themselves and others. Considering these objectives, University Women’s Polytechnic is organizing a three day awareness camp on entrepreneurship.

Patron

Prof. Badrul Hasan Khan
Dean, Faculty of Engineering & Tech., AMU

Convener
