AMU Centre Jangipur Murshidabad Organizes Interactive Session of MBA Students with Regional Manager SBI, Berhampore

The Department of Business Administration, Aligarh Muslim University Center Jangipur, Murshidabad organized an interactive session of MBA students with Mr Arijit Ghosh Roy, Regional Manager State Bank of India, Berhampore. The interaction was focused on the current banking scenario of India and job prospects of MBA students in the banking industry. The session was presided over by Dr Amir Jafar, Director-in-Charge of the Center.

Mr Roy emphasized on the need for better understanding of banking industry and talked about more collaborations with all stakeholders to increase the awareness level of people. Later in his interaction, he described in detail the history of the banking sector in India. Mr Roy explained the history starting with the traditional banking practices from pre-colonial times to the reform period of nationalization and then privatization of banks, to the present day of modern online banking.

He also emphasized the need for cashless transactions and urged the students to adopt this model of banking as much as possible to actively participate in the ‘Digital India’ initiative of the Government of India. He said, “Faceless, Paperless, Cashless” is one of professed roles of Digital India and the cashless economy would help in cost reduction, risk reduction, convenience, increase in the tax base, and at the same time will also curb illegal economic activities.

Answering a question, Mr Roy introduced the ‘SBI YONO CASH’ initiative of SBI. He explained how people can withdraw cash from an ATM without using any debit card.

Dr Rashid Usman Ansari, Assistant Professor, Department of Business Administration proposed the vote of thanks.

A larger number of student and faculty members of the Department attended the interactive session.
