Analysis of Feedback by feedback evaluation committee:
Feedback for every course is taken from all students after the end of every semester and analyzed by the feedback evaluation committee of the department. As a follow up poor performers are counselled and extra interactive classes or remedial classes may be arranged for them.

Corrective Measures and Implementation Followed:

The consolidated feedback reports for the individual courses analyzed by the feedback evaluation committee of the department. The results are communicated to the individual teachers who are expected to implement the corrective measures. The feedback regarding the relevance of the subjects, syllabus, delivery methods, evaluation are also discussed in the consultative meeting of the department and the outcome of the deliberations are communicated to the relevant departmental committees for follow up.
