2) Regular and timely feedback is given on our performance

ATR: Regarding 1: Department does conducts assessments in terms of assignments, practical and production work. The quantum of practical oriented production work (films, ads, newsletters) has been raised under the CBCS system. The teachers have been instructed to further communicate clearly about assessments to students.

Regarding 2: All the teachers have been instructed to provide clear feedback to every student with respect to his/her performance in classroom, exams, practical work, production work and seminar presentation. More discussion with individual students regarding his/her performance is required and this issue will be adequately addressed.
