No. Acad/D-1323/HZ

The Chairman
Department of Forensic Medicine,
AMU, Aligarh.

With reference to your letter D.No. 1862/DFM dated 14.09.2019 please find enclosed 10 copies of the Notice/Agenda for the Special Meeting of the Board of Studies of the Department, scheduled to be held on 24.09.2019. The Notice/Agenda may kindly be distributed amongst the members of the Board of Studies, including the Assigned Members (if their term are available) and the members who are on leave for one month or less and available in Aligarh. Enclosure(s) to the item(s) of the Agenda, if any may kindly be provided to the members.

Notice/Agenda of the meeting have been sent to the Co-opted Members through speed post only. You are also requested to inform the outside members on phone/ email/ by fax, as the case may be, at your end.

A list of members to whom Notice/Agenda have been served may kindly be sent to this office for records.

Encls: As above.

(Khan Arqam Saifullah)
Deputy Registrar
(Academic)
An special meeting of the board of studies was held on 24.09.2019 at 10:30 A.M. in the Chamber of the Chairman, Department of Forensic Medicine. The following attended the meeting:

1. Prof. Farzana Beg (Assigned Member)
2. Prof. Kafil Akhtar (Assigned Member)
3. Dr Afzal Haroon
4. Dr. Mohd. Kaleem Khan
5. Dr. Mohd. Asrarul Haque
6. Dr. Dr Mohd. Mojahid Anwar
7. Dr. Faiz Ahmad
8. Dr. Saadiya Saeed (in the Chair)

Item No. 1

The syllabus for MBBS II\(^{nd}\) Prof (Forensic Medicine) Batch 2018 were discussed and approved including allocation of teaching schedule.

Item No.2

The examiners for MBBS II\(^{nd}\) Prof (Forensic Medicine) Batch 2017 sheduled to be held in December 2019 were discussed and approved.

The teaching schedule for MBBS (Batch- 2018)

1- Dr. Saadiya Saeed

Section -A

1. Legal procedures
2. Law relating to medical man
3. Abortion
4. Sexual Offences
5. Artificial Insemination
6. Surrogacy
Section –B
Nil

II- Dr. Afzal Haroon
Section -A
1. Identification
2. Classification of injuries (Abrasion, Contusion, Laceration, Stab wound and incised wound)
3. Thermal injuries including dowry death
4. Fire-arm injuries
5. Electrical injuries
6. Medicolegal aspects of injuries
Section -B
1. General Toxicology
2. Corrosive Poisons

III- Dr. Mohd Kaleem Khan
Section -A
1. Traffic injuries
2. Regional injuries
3. Infanticide
4. Violent asphyxia death
Section -B
1. Metallic Irritant Poisons

IV- Dr. Mohd Asrarul Haque
Section -A
1. Death and changes after death
2. Post mortem examination
3. Sudden death
4. Death Certificate
Section -B
1. Cardiac poisons
2. Cerebral poison
3. Misc. Poisons

V- Dr Md. Mojahid Anwer
Section -A
1. Blast injuries
2. Starvation death
Section -B
1. Agriculture poisons
MBBS Syllabus for the students (Admitted Batch-2018) was discussed and approved in the meeting of Board of Studies held on 24.09.2019.

Theory Paper

"Section A"

1. Post mortem examination of the body: Examination of decomposed body, examination of mutilated body and skeletal remains, death certification, cremation, second autopsy, Negative autopsy, autopsy in AIDS, PM artifacts.
2. Definition, signs and modes of death: Post mortem changes cessation of circulation and respiration, changes in the eyes and skin, cooling of the body, post mortem caloricity, Hypostass changes in the muscles, Rigor mortis, Putrefaction, adipocere and mummification, time since death.
4. Identification, Definition, data, age, sex, race, stature, anthropometry, dactylography, DNA finger printing, foot print scars, hair and fibers, tattoo marks etc. mutilated parts and disputed paternity.
5. Wounds, definition, varieties, abrasion, bruises, laceration, incised, punctured or stab wounds, fire arms ante mortem and post mortem wounds, cause of death due to wounds, accident, suicide or murder, self inflicted wounds and fabrication.
8. Regional injuries, injuries of the various parts of the body – head, spine and post-traumatic sequelae, face, neck, eyes, throat, chest and abdomen, fracture of the bones.
12. Impotence and Sterility: Definition, causes and medico legal aspects, artificial insemination, surrogate birth, medico legal aspects of sterilization.
15. Sexual offences: rape, incest, indecent assault, un natural sexual offences, lesbianism, sodomy, bestiality, sexual deviation and AIDS.
17. Human torture.
Section ‘B’

Forensic Psychiatry, insanity, definition, diagnosis causes, classification, hallucinating, delusion, illusion, fugue delirium, impulse, lucid interval, insanity and responsibility Mc Naughtens Rule, feigned insanity, lunacy certification, and restraint of the mentally ill persons, doctrine of partial responsibility, automation, sonanambulism, semi somnolence, hypnosis and crime.

4. Poisons and their medico legal aspects, toxicology, law relating to poisons, sale of poisons, pharmacy act, dangerous drugs act, pattern of poisoning in India, classification of poisons, action of poisons, diagnosis of poisoning in the living and in the dead, treatment of poisoning duties of a medical officer in case of suspected poisoning.

5. Corrosive poisons: Sulphuric Acid, Nitric Acid, Hydrochloric Acid Vitreolage, Acetyl Salicylic Acid (Aspirin), Oxalic Acid, Acetic Acid, Carbolic Acid and Caustic Alkalies.

8. Cardiac poisons: tobacco and nicotine, digitalis, hydro cyanic acid and cyanides.

11. Agricultural poisons: organophosphorous compounds, chlorinated compounds, paraquat and alphos poisoning.

12. Food poisoning.

2. Food poisons  
3. Asphyxiates  
4. Non-metallic irritant poisons  
5. Plant Irritant poisons  
6. Animals poisons

VI- Dr. Faiz Ahmad

Section – A

1. Impotency and Sterility  
2. Pregnancy and Delivery

Section – B

1. Forensic Psychiatry  
2. Drug dependence

Demonstration (All SR & JR):

1. Examination of Blood and Blood stains.  
2. Examination of Seminal and Salivary stains.  
3. Examination of Bundle of Bones –  
   (a) Identification of Male and Female skeleton  
   (b) Determination of age with the help of bones.  
4. Examination of Hair and Fibres.  
5. Examination of Teeth.  
6. Foetus – Determination of different gestational ages.  
7. Weapons and post mortem instruments.  
8. Injuries-  
   (a) Identification of different injuries  
   (b) Specimens and models  
   (c) Specimens of firearms and firearm injuries.  
9. Technique of preservation of viscera in different poison cases.  
10. Preparation of Injury report = 2 cases  
11. Preparation of age report = 2 cases.  
12. Record of post mortem cases = 10 cases  
13. Toxicological specimens.

Tutorial topics

1. Examination of a case of impotence and sterility.  
2. Examination of a case of pregnancy and delivery.  
3. Examination of a case of abortion.  
4. Examining of a case of rape.  
5. Examination of a case of burn.  
6. Examination of a case of drunkenness.  
7. Demonstration and discussion of post mortem slides.  
8. Examination of a case of child abuse.
MBBS Syllabus for the students (Admitted Batch-2018) was discussed and approved in the meeting of Board of Studies held on 24.09.2019.

Theory Paper

“Section A”

1. Post mortem examination of the body: Examination of decomposed body, examination of mutilated body and skeletal remains, death certification, cremation, second autopsy, Negative autopsy, autopsy in AIDS, PM artifacts.

2. Definition, signs and modes of death: Post mortem changes cessation of circulation and respiration, changes in the eyes and skin, cooling of the body, post mortem caloricity, Hypostasis changes in the muscles, Rigor mortis, Putrefaction, adipocere and mumification, time since death.

4. Identification, Definition, data, age, sex, race, stature, anthropometry, dactylography, DNA finger printing, foot print scars, hair and fibers, tattoo marks etc. mutilated parts and disputed paternity.

5. Wounds, definition, varieties, abrasion, bruises, laceration, incised, punctured or stab wounds, fire arms ante mortem and post mortem wounds, cause of death due to wounds, accident, suicide or murder, self inflicted wounds and fabrication.

8. Regional injuries, injuries of the various parts of the body – head, spine and post-traumatic sequelae, face, neck, eyes, throat, chest and abdomen, fracture of the bones.

Demonstration and practical including tutorials:
