NOTICE

AT ANY GIVEN TIME, THERE SHOULD, IDEALLY, BE NO MORE THAN 15 PEOPLE IN THE CANTEEN, INCLUDING THE WORKING STAFF.

SAFE SELF.
SAFE CAMPUS.
SAFE COUNTRY

I SOCIAL DISTANCING I
Let us prevent the spread of Coronavirus infection.

I DON'T KNOW ENOUGH. I ALSO DO NOT WANT TO PANIC. WHOSE WORD CAN I TRUST?
✓ Government of India advisories
✓ Ministry of Health and Family Welfare, Government of India
✓ Indian Council of Medical Research
✓ World Health Organization

WHAT MUST I DO?

AVOID PUBLIC SPACES
Stay in your rooms/homes, as far, as possible. Literally, the best time to be on social-media & movie streaming sites. Study!

IF YOU MUST COME TO CANTEEN
✓ Wear a mask.
✓ Sanitize surfaces you touch and wash hands with soap and water.
✓ Ensure at least 1 meter of distance from others.
✓ Best to buy your refreshments and take those to your room. We don’t want the workers to fall sick, either.

DO NOT ENTERTAIN OUTSIDERS
Your safety and the safety of this campus is as much your responsibility, as ours. Outsiders might jeopardize it. Do not encourage outsiders to socialize here, during this time.

LEAVE CANTEEN PREMISES AS SOON AS POSSIBLE
Others might need the facility too. Request your friends to bear with you for the well-being of everyone.

WHY MUST I DO THIS?
✓ COVID-19 MAY PROVE LIFE THREATENING TO YOU OR TO YOUR FAMILY MEMBERS.
✓ YOU, OR ANYONE YOU INFECT, MAY REQUIRE HOSPITAL ADMISSION. OUR DOCTORS ARE ALREADY UNDER STRAIN. LET US DO OUR BIT IN DECREASING THEIR LOAD.

"Don't you find it concerning, that your chances of survival, depend on other people having common sense?"
