NOTICE

Dear Students,

We are all very much concerned about your studies and your future career prospects. As you are aware we are on the verge of a possible catastrophe and in a very precarious situation in view of the outbreak of Covid-19; only time will tell how long the regular studies shall remain affected due to the prevailing situation.

Under lockdown conditions you can fruitfully utilise your time to prepare well for the current academic semester as well as use net based and other resources to prepare for competitive exams also which will help you in your career in future.

Most of the teachers have uploaded the relevant study material on the departmental web page and are staying in touch with their students for their academic needs. Home assignment shall also be uploaded on the webpages. Students may access this online material and contact their teachers for any queries or to seek clarifications.

Kindly be assured that the department will try its best to ensure that academic loss to the students is minimised and strive for all possible means to impart training and education through online resources in these trying times.

You are welcome to contact me through phone or internet any time for any queries.

Remain indoors, stay healthy and safe.

Best Wishes,

M. Sarosh Umar
Chairman
