One Day National Symposium on
TEACHING AND RESEARCH METHODOLOGY IN KULLIYAT
(22nd January 2018, Monday)
Dear Colleague & Scholars,

It gives me immense pleasure to share that the department of Kulliyat (Basic Principles of Unani Medicine), Faculty of Unani Medicine, Aligarh Muslim University, Aligarh, is going to organize a one day National Symposium on “Teaching and Research Methodology in Kulliyat”, scheduled to be held on 22nd January 2018.

The symposium is aimed to discuss and develop new paradigm in teaching and research process. It intends to give more emphasis towards student centered learning process where teachers are encouraged and facilitated to incorporate new techniques to arouse the interest of the students in the subject of Kulliyat-e-Tib and pave the way towards innovation. Kulliyat-e-Tib is the foundation of Tib which yields the basis for understanding all the subjects of Tibb-e-Unani. However, more scientific and research oriented approaches needs to be adopted by the research scholars of Unani Medicine for the actual progress and development of the Department.

I believe that this symposium will provide an opportunity to update our knowledge with recent advances in teaching and research in this field.

Looking forward to your active participation in making this event a grand success.

(PROF. FERASAT ALI)
Organizing Chairman
