You might be well aware that the University Grants Commission/Ministry of
Human Resource Development time and again are emphasizing to adopt austerity
measures to minimize expenditure due to paucity of funds. With great efforts, the
University has been able to manage the release of grant from the UGC to meet out the
bare minimum requirements.

In these circumstances, it is requested to all concerned that as far as possible the
requirements for procurement of new furniture should be avoided. Instead, utmost
efforts should be made to use the available furniture with the Departments/Offices by
getting it repaired. The expenditure to be incurred on furniture repairing etc. may be
met out of the funds available at the disposal of the Departments/Offices. In exceptional
cases, if the Departments/Offices are not in a position to squeeze in funds for repairing
of furniture etc., the request of funds be sent to the Finance & Accounts Department.
Thus, it would save considerable funds which may be used for academic activities and
infrastructure development of the university.

This circular should be given wide publicity.
