

RASYE AMU Murshidabad Academy Concluded the Six-Month Computer Typing Course

The valedictory function of RAYSE AMU Murshidabad Academy's six-month computer typing, internet and MS Office course was held in AMU Murshidabad Centre on April 17, 2017. The Chief Guest of the function was Mr. T Balasubramaniun (IAS), SDO, Jangipur. The function was Presided by the Director of the Centre, Dr. Badaruddoza. Around 200 students mostly comprising of girls received certificates on successful completion of the course.

The function started with the recitation of a few versus of Holy Quran by Mr. Jahangir, a student of BALLB first year. Ms. Darakshan Nigar, B. Ed. final year student and co-instructor of the course, welcomed the guests.

In his presidential address, Dr. Badaruddoza, congratulated the students for their achievement. He informed the audience that by sheer hard work many students of this academy have started typing in the range of 35-40 words per minute. He told the students that computer typing skills that they have learnt in the last six months will increase their chances of employability and are going to help them throughout their life.

Dr. Syed Atif Jilani, course coordinator, gave an introduction of the course. He informed that the Centre has decided to arrange English speaking classes for all the students of the current batch from August 2017, along with computer typing classes for the next batch.

The Chief Guest of the function, Mr. T Balasubramaniun spoke about the importance of mastering computer skills. He urged the students to start taking their studies seriously as competition is getting tougher day-by-day. He also congratulated the administration of the Centre for organizing such outreach programs for the benefit of general masses.

Mr. Shahid Latif, representative of RAYSE Academy informed that the Academy is currently running such courses in Delhi and Kolkata. He further said that students who have got an understanding of computers should opt for online academic programs offered by institutes like Khan Academy.

Mr. Sabir Ahamed, member of SNAP Academy said that the world is full of opportunities in different fields. Students should try to grab them as per their interests in order to achieve success.

The program was conducted by Dr. Syed Atif Jilani. Mr. Asraful Islam Ansari proposed the Vote of Thanks. Sweets were distributed to all the students along with the certificates.
