

7-Days Workshop on Data Analysis Using STATA Inaugurated at AMU Murshidabad Centre

AMU Murshidabad Centre inaugurated a 7-days workshop on April 13, 2017 in association with SNAP Academy, Kolkata. The workshop is attended by 40 scholars and researchers from all over the country. Dr. Zakaria Siddiqui from Australian National University, Dr. Saijuddin Shaikh from John Hopkins University, and Dr. Badaruddoza, Director AMU Murshidabad Centre are the resource persons in this workshop. The week long course is aimed at building a pool of active and statistically savvy social scientists, who have the confidence of dealing with large statistical data.

The workshop started with the recitation of a few verses of the Holy Quran by Mr. Islam Ansari. In his welcome speech, Dr. Badaruddoza, said that in today's scenario, it is very pertinent for all the researchers to come up with quality researches. He said that competition in academic environments is increasing with the passage of time. Dr. Badaruddoza further added that to be successful and to contribute to the society in a meaningful manner, it is required to excel in data analysis. He urged the participants to seriously devote their energies over the next 7-days to learn the art of playing with data.

Dr. Siddiqui and Dr. Shaikh explained the importance of STATA to the participants. Mr. Sabir Ahmed, of SNAP Academy presented an overview of the Academy and its objectives. Mr. Md Anwar presented the Vote of Thanks. Dr. Syed Atif Jilani, conducted the inaugural session.
