February 13, 2017

Sir,

We are pleased to inform you that the Clinical Epidemiological Unit, Jawaharlal Nehru Medical College, A.M.U., Aligarh is conducting a 2 days **Workshop on Research Methodology** in collaboration with the All India Institute of Medical Sciences, New Delhi from March 4-5, 2017.

The workshop shall be conducted by distinguished faculty members from the Departments of Surgical Disciplines, and Clinical Epidemiology Unit of AIIMS. The workshop will involve interactive discussions, problem solving sessions, and 'hands on' exercises on several important topics pertaining to Medical Research. We are hopeful that this workshop shall greatly benefit our faculty, enabling them to become better researchers as well as research guides.

The interested faculty members of your department are requested to kindly get themselves registered for the same latest by February 24, 2017 (The number of seats for the workshop is limited to 60, and registration shall be on 'first come, first served' basis).

Looking forward to active participation of faculty members,

With regards,

(Prof. Syed Amjad Ali Rizvi)
Prof. Dept. of Surgery,
Convener,
Clinical Epidemiological Unit,
JN Medical College & Hospital,
AMU, Aligarh.
