Aligarh Muslim University Murshidabad Centre
Jangipur Barrage (Ahiron), Murshidabad, West Bengal: 742223, India

For Information: Please visit us at: www.amu.ac.in/murshidabad

ABOUT THE SEMINAR

Management is a very dynamic field where the business and corporate world has been antagonizing newer issues on daily basis. There are diverse external and internal variables unremittingly affecting management decisions. Thereby managers of the present day are confronting lot of challenges. In order to endure in the competitive and dynamic business milieu the academicians, managers and professionals have to come forward with flexible solutions to all the contemporary problems encountered. Executives need to elevate their conceptual, technical and human skills for guaranteeing tackling those emerging challenges confronted by them over the period of time. This kind of seminar would provide the participants to intermingle with the experts in the field. It also would help them to share their valuable knowledge with other participants and mature their problem deciphering skill.

The last few decades has witnessed tremendous boom in the field of technological innovations. The technological developments have caused various problems in our society. Environmental degradation and cyber privacy is nothing but the result of technological development. The seminar shall focus on the challenges faced due to environmental degradation and cyber privacy along with all type of socio-legal measures to tackle the problem. It shall also answer the protection of intellectual property rights. The theme of Seminar shall also discuss flaws in existing Indian Criminal Justice System and its possible reform along with the necessity of wider interpretation of Article 21 of Constitution. The overall emphasis of the Seminar shall be to make the participants aware about the emerging challenges faced in existing legal system and its probable solutions.

Education is the basic requirement for development of a nation and its people. There are number of factors which influence the education and teacher is the most influential factor. The rapid changes in education present new challenges in front of teachers and it also demands innovative approaches and strategies in teaching learning process. Teachers' training programme should provide ample opportunities of innovative ideas in development of curriculum, transactional strategies and evaluation process. Introduction of the two year B. Ed programme by NCTE can give in-depth experiences and sound knowledge to become reflective practitioners. The integration of ICT in school education is another important concern in teacher education programme. Teacher education programme must enable the student teachers to integrate ICT in education system at its optimal level.

ABOUT ALIGARH MUSLIM UNIVERSITY, MURSHIDABAD CENTRE

Aligarh Muslim University (AMU) occupies a unique position amongst universities and institutions of higher learning in the country. It was established in 1920, and evolved out of the Mohammedan Anglo-Oriental College (MAO) which was set up in 1877 by the great visionary and social reformer, Sir Syed Ahmad Khan. From its very inception, it has kept its doors open to the members of all communities from all corners of the country and the world.

A new chapter of educational enlightenment was added to the culturally enriched soil of Bengal with the establishment of Aligarh Muslim University Murshidabad Centre in 2010. The Centre, accredited by NAAC in A grade, is empowered by Section 5(2) (C) of the AMU (Amendment) Act,

1981 and under Section 12(2) of the University Act. [Act XL 1920 and AMU (Amendment) Act, 1972].

The Centre started MBA and BALLB courses in 2011 and added B. Ed. in 2013 to its portfolio of courses. The student intake in MBA and BALLB is 60 each while in B. Ed. 50 seats are offered under various subjects. At present, the AMU Murshidabad Centre represents students from 18 states of India. Two major milestones were achieved in the year 2016 on academic front. The Centre successfully got its B. Ed course inspected by National Council for Teachers Education (NCTE) in February 2016. The Bar Council of India (BCI) inspection team visited the campus on August 16, 2016 for inspecting the five year

integrated BALLB course. Both these inspections have added credibility to the courses offered and have also enhanced the reputation of the Centre as an important seat of higher learning in the region. The Centre is equipped with computer lab, campus wide wi-fi facility, seminar library, and sports playground.

The Centre is carrying forward the great legacy and cultural ethos of Aligarh Muslim University. It stands for bringing an educational revolution in the country for socially, economically and educationally backward communities, who have so far lost the opportunity to develop. It is committed to secular ideas and is providing quality education to all sections of the society at affordable cost.

HOW TO REACH AMU MURSHIDABAD CENTRE?

It lies 250km North of Kolkata on NH34. It is located nearly 40km from Farakka and 60km from Behrampur town (through NH34) of Murshidabad, WB. It is well connected with road and railway networks. Ahiran Halt is the nearest bus-stand on NH34 (approx 01 km from the Centre) and the nearest railway junction is Jangipur Road (approx 08 km) and Ahiran Halt rail station (0.2 km only). By air, one can reach through Netaji Subhash Chandra Bose International Airport, Kolkata.
