ABOUT THE INSTITUTION

Aligarh Muslim University (AMU) occupies a unique position amongst universities and institutions of higher learning in the country. It was established in 1920, and evolved out of the Mohammedan Anglo-Oriental College (MAO College) which was set up in 1877 by the great visionary and social reformer, Sir Syed Ahmad khan. From its very inception, it has kept its door open to the members of all communities and from all corners of the country and the world. The Aligarh Muslim University is the realization of a vision which was broad, far-reaching and realistic. Spread over 467.6 hectares in the city of Aligarh, Uttar Pradesh, Aligarh Muslim University offers more than 300 courses in the traditional and modern branches of education. It draws students from all states in India and from different countries, especially Africa, West Asia and Southeast Asia. In some courses, seats are reserved for students from SAARC and Commonwealth Countries. The university is open to all irrespective of caste, creed, religion or gender. It ranks 8th among the top 20 research universities in India. It has more than 26,000 students, 1,342 teachers and some 5,610 non-teaching staff on its rolls. The university now has 12 faculties comprising 98 teaching departments, 3 academies and 15 centres and institution. A special feature of the university is its residential character with most of the staff and students residing on the campus. There are 19 halls of residence for students with 80 hostels. Apart from the conventional Under graduate and Post graduate courses in Social Sciences, Sciences and Humanities, the university keeps pace with the nations growth by offering facilities for specialized learning in areas of technical, vocational and inter-disciplinary studies. It is proudly Islamic and proudly Indian institution: a living symbol of composite culture of India and a bulwark of its secular principle.

ABOUT THE DEPARTMENT

The Department of Civil Engineering in the Faculty of Engineering and Technology has been constantly contributing to the cause of engineering education and training right since its inception in the year 1942. The Department has highly qualified faculty supported by excellent laboratories and state of art computing facilities. Many research projects sponsored by A.I.C.T.E., U.G.C., D.S.T., C.S.I.R., D.R.D.O., C.S.T.(U.P.), M.O.E.F. and Indian Oil Corporation, Govt. of India have been successfully completed and many under progress. Joint research projects are currently underway in collaboration with JICA and European Union. The Department organized two international conferences one in 2009 and other in 2011 in the area of environmental engineering in collaboration with foreign universities. In the last five years 32 National Conferences/Workshops/Seminar/Training Programmes have been successfully organized. There has been tremendous thrust in the consultancy work in the Department in the last five years. In the last 5 years Research Projects worth Rs. 69.79 Lakhs have been completed. Currently Research Projects worth Rs. 15 Crores are going on. In the last few years, a large number of Industrial Consultancy projects have been completed. In the last 5 years 429 Research Papers have been published by the faculty members. In the last 5 years 6 Patents have been published by the faculty members. The National Board of Accreditation (N.B.A.), New Delhi accredited the department of civil engineering for full five years in 2016. At the under graduate level, the Civil Engineering Department offers B. Tech. (Civil) course and at the post graduate level M. Tech. course is offered in four major fields of specialization viz. Structural Engineering, Hydraulic Structures, Environmental Engineering and Geotechnical Engineering. At the Doctoral level, the Department offers Ph. D. in Structural Engineering, Hydraulic Structures, Environmental Engineering and Geo technical Engineering. Zakir Husain college of Engineering and Technology is one among the seven institutes identified by M.H.R.D., Government of India, for the up gradation to the level of Indian Institute of Technology. The Department received DST-FIST Infrastructure development and DST-PURSE grant from Department of Science and Technology, Ministry of Science and Technology. It is UGC SAP-DRS Phase I and TEQIP-II funded department.

PREAMBLE

Concrete, due to its robustness, global availability and versatility, is immensely important to the provision of sustainable high performance construction for the growing population and their increased expectations. However, it is estimated that Portland cement, the most important ingredient of concrete may be responsible for around 5% of all global man-made CO2 emissions, making it a significant contributing factor to global warming and climate change. Furthermore, concrete has often been inappropriately specified and made. This results in resource inefficiency and durability concerns, and expensive repairs. Numerous advances in concrete and technology including materials, mix design, recycling, structural design, durability requirements, testing and specifications have been made. Furthermore, it is important to combine and share knowledge, innovative ideas and practical experiences to yield global confidence in the future use of concrete for sustainable high performance construction.

COURSE CONTENT

RESOURCE PERSONS

The faculty for the workshop will be mostly from reputed education and research organizations i.e IITs, NITs and other reputed institutes etc.

PARTICIPANTS

The workshop is aimed to cater persons from Academic institutes, Professionals from Industry, Government Organizations, Research Scholars and M.Tech. / B.Tech Students.

REGISTRATION FEE

Faculty Members from Academic Institutes: Rs.500/-
Professionals from Industry: Rs.1000/-
Officers from Government Organizations: Rs.1000/-
Research Scholars and M.Tech./B.Tech Students : Rs.500/-

MODE OF PAYMENT

Demand draft or cheque in favour of Organizing Secretary WASC, Department of Civil Engineering, AMU, Aligarh or in cash latest by 10th October, 2016 or by Cash at the Registration desk.

The online registration link is: https://goo.gl/forms/5IoBUV8IS2SvU3fZ2
**REGISTRATION FORM**

**National Workshop on**

**Advances in Sustainable Concrete Construction**

*(14th October, 2016)*

**RECOMMENDATION:**
The applicant is hereby recommended and permitted to attend the workshop.

Signature of the Chairman of the Department /Organization

---

**ORGANIZING COMMITTEE**

**CHIEF PATRON**
Lt. Gen. (Retd.) Zameeruddin Shah
The Vice-Chancellor, AMU, Aligarh.

**CO CHIEF PATRON**
Brigadier (Retd.) Syed Ahmad Ali
The Pro-Vice Chancellor, AMU, Aligarh

**PATRONS**
Prof. Mumtaz Ahmad Khan
Dean, Faculty of Engineering & Technology, AMU.

Prof. M.M. Sufyan Beg
Principal, Z.H. College of Engineering & Technology, AMU.

**CHAIRMAN**
Prof. Mohammed Arif
Chairperson, Department of Civil Engineering, AMU, Aligarh.

**COORDINATOR TEQIP-II**
Prof. M Jawaid Siddiqui

**CONVENER (S) OF THE WORKSHOP**
Prof. Abdul Baqi
Prof. Rehan A Khan
Department of Civil Engineering, AMU, Aligarh.

**ORGANIZING SECRETARIES**
Dr. Rizwan Ahmad Khan
Dr. M. Shariq

**ADVISORY COMMITTEE**
Prof. M.M. Ashhar
Prof. Sarfaraz A. Ansari
Prof. M. Muzzammil
Prof. I.H. Farooqi
Prof. Shakeel Ahmad
Prof. Amjad Masood
Prof. M. Athar
Mr. S. Ashraf Ali
Prof. Tayzeen Ahmad
Prof. Arshad Umar

Prof. Tabassum Naqvi
Prof. Shabih Akhtar
Prof. Hasan Itraza
Prof. Kausar Ali
Prof. Fareed Mahdi
Prof. I.K. Khan
Dr. M.S. Jafri
Dr. S. Danish Hassan
Dr. M. Rehan Sadique
Dr. M. Arsalan Khan

**COMMUNICATION ADDRESS**
Dr. Rizwan Ahmad Khan
Associate Professor,
Department of Civil Engineering, AMU, Aligarh, UP, 202 002
