8. Dr. Basmah Abdur Rashid
9. Dr. Bhawna Varshney
10. Dr. Adee Alam Khan
11. Prof. Mohd Khalid – In Chair

The agenda item concerning the post of Assistant Professor (Radiophysics) in the department of Radio-diagnosis was discussed and following was resolved.

1. The post of Assistant Professor (Radiophysics) has been sanctioned to the Department based on the need and it will be filled-up at the earliest. There are certain issues pertaining to the qualification of the post which has been advertised twice with wrong essential qualification. It has been pursued for rectification with DR selection committee.

2. Radiophysics is one of the subjects in MD and DMRD courses of the department. There is a full fledged paper on Radiophysics in the above examinations. In fact the post of Radiophysics in the department is vital in terms of teaching and training of MD, DMRD and DMLT students.

3. Input from Radiophysicist is crucial in purchase, maintenance and upgradation of equipments in the Department. The task of a Radiophysicist does not end here. He is the only competent person to ensure that the “Radiation Safety Measures “are implemented in the interest of employees and patients. Also, the Radiophysicist has important role in quality assurance of the equipments.

4. Moreover, the members did realize the problems of the Department of Radiotherapy and suggested that the Assistant Professor (Radiophysics) as and when appointed in the department of Radio-diagnosis, may be assigned some genuine task in the department of Radiotherapy, if the Chairman of the department of Radiotherapy remains interested to utilize his services.

Then the meeting came to an end with thanks to all members of BOS.

Prof. Mohd. Khalid
