Seminar Room of the Department of Anaesthesiology, discussed in detail and reconsidered and approved in principle for starting post doctoral certificate courses (PDCC) in Neuroanaesthesia, in Critical Care and in Pain Management under Department of Anaesthesiology and also approved the already submitted Ordinances (Academic) of these courses. There was no objection from any members of Board of Studies present in the aforesaid meeting—neither against starting these three courses nor against the proposed Ordinances (Academic) already submitted which was put up in the meeting for personal of the members.

Item No. 05: To increase the annual budget of the Department of Anaesthesiology from Rs. 1,33,000/- to Rs. 2,66,000/- Justification — since few years the annual budget of the Department of Anaesthesiology was Rs. 1,44,000/- last year it was decreased to Rs. 1,33,000/-. Now we see the number of consultants and senior residents have increased. Simultaneously the cost of every item has increased. Repairing cost, cost of printing, refill photocopier ink refill has increased. It is difficult to cope with this small annual budget—so it is requested that the annual budget be increased from Rs. 1,33,000/- to Rs. 2,66,000/-. All the members of Board of Studies present in the meeting supported this move unanimously.
