Ref. No. AMUMC-WB/DIR/1119
Dated: 11-5-2015

My dear Students,

1. As you all are well aware that Aligarh Muslim University has gained enormous prestige, honour and reputation over the last 100 years throughout India and the entire world because of its strong administrative, faculty, student and alumni strengths. It is definitely not in a position to lose it all because of the misbehavior or misconduct of a single student, inside or outside the campus.

2. We are different and are, therefore, called as ‘Aligs’ in the entire world because of our tehzeeb and dignity. Every ‘Alig’ shares huge responsibility of upholding this image and has to behave accordingly, to maintain the tehzeeb of Aligarh Muslim University.

3. Aligarh Muslim University Murshidabad Centre was established to fulfill the dreams of Sir Syed Ahmad Khan and to benefit millions of downtrodden community of West Bengal. The Centre is working in this direction but it is very unfortunate that because of the behavior of few students, the image of the Centre gets tarnished time and again.

4. The locality of this area is very sensitive because of different local and national issues and therefore, it is a hard warning to all students not to indulge in any activity which may stain the vision of Sir Syed Ahmad Khan. The students must understand that they are not on an equal footing with the illiterate local population. They are not expected to behave in the same manner in which an illiterate person behaves.

5. The administration has concrete information that some of the students have been involved in misbehavior with local people in many places like markets, railway stations, bus stops and others areas frequented by local population. Aligarh Muslim University Murshidabad Centre cannot afford to lose its prestige at the cost of such misbehavior of any single student.

6. Strict action, that may include suspension, rustication, or even lodging FIR, would be taken, in case even a single incident of misconduct on part of any student is reported from today onwards.

7. All the students of this Centre are under the direct guardianship of the undersigned, and it is their duty to understand the unique circumstances in which the Centre is being run over here, in the remotest part of the country and they must help the administration in running the affairs of the Centre smoothly.

Beloved
