

Diversification of Health Research: An Evidence-based Approach

One-day International Symposium

Organized by: **Department of Amraze Jild wa Zohrawia,**

Faculty of Unani Medicine, Aligarh Muslim University

in collaboration with

Foundation for Evidence-based Development in India (FEDI)

On, Thursday, **12th January, 2017**

Venue: **A. K. Tibbiya College Auditorium**

Time: 10:00 a.m. onwards

The seminar aims at broadening the scope of health research through transportation of multi-disciplinary theories and practices to the context of health research. This is an effort to enrich the research themes and outreach by importing and imparting viable ideas from other disciplines.

FEDI has sound understanding of the advantage of research evidence in the development of policy and practices. It aims to bring a positive change to our developing society by strengthening policy implementation and to achieve accurate outcomes of interventions. In this symposia, FEDI provides its experts as resource persons to help achieve the objectives of this event. The department of Amraze Jild wa Zohrawia expects that this collaborative event shall pave way to broadened considerations for the research problems in Unani medicine and other disciplines of health research.
