D.No. 2096 /Poly.

Date:05-11-2019

Corrigendum

Reference: Local Advertisement No. 12/ Poly/ 2019-2020 Dated: 23.10.2019

The following changes in the qualification in above notification for the post of Assistant Professor Contractual (Chemistry) may kindly be noted.

As per the Judgment of the Honourable Supreme Court in the civil appeal No. 1130 of 2009, regarding the course structure of graduate and post graduate classes in Chemistry and Industrial Chemistry, the Honourable Court came to the conclusion that the courses of the two subjects are quite different and distinct and in the light of the findings it is also recorded that the degree of M.Sc. in Industrial Chemistry cannot be equated with the degree of M.Sc. in Chemistry.

It is therefore notified that the candidates with qualification M.Sc. in Industrial Chemistry are not eligible for the post of Assistant Professor-Contractual (Chemistry) in Applied Science & Humanities Section University Polytechnic-AMU.

(Prof. Arshad Umar)
