Subject : Publicity for Smile Train Project.

Sir,

In consultation with the Hon'ble Vice Chancellor, it was decided to give wide coverage to free surgeries being done for cleft lip/palate in the department of Plastic Surgery under the Smile Train project. This is to ensure that maximum number of poor and needy children especially from rural areas avail the facility of free surgery.

So far 10 children of cleft lip/palate have been operated totally free of cost. All the cost of investigations, medicines and surgery were borne by the Smile Train Project.

As per the instructions of the Vice Chancellor it is requested to give wide publicity to this project. The details of Smile Train project may also be put on the AMU website.

Kindly find enclosed the description of Smile Train Project.

Thanking you,

(Prof. Arshad Hafeez Khan)
Chairman & 14.3.15
Project Director- Smile Train

CHAIRMAN
