

AMU is the winner of ProQuest-Theses highest usage Award

Aligarh Muslim University has been awarded with the highest usage international award for India by the ProQuest, an American publisher. This award has been given on the basis of highest usage of International Theses Database known as PQDT (ProQuest Theses and Dissertation) for the use during the year 2015-16. PQDT is the most popular and important US based research database for Theses and Dissertations and widely consulted by AMU faculty and Researchers. Mr. Sanjay Rajan of Proquest personally presented this Award to Dr. Nabi Hasan, University Librarian, AMU and his team at Aligarh on July 11, 2017. Dr. Hasan expressed happiness after receiving this award and said that he will be conducting regular workshops/orientations faculty-wise to increase the usage of other resources being made available through Maulana Azad Library. This will help further motivate AMU community in research and academic contributions globally.
