

Office Memo

With the enactment of the RTI Act 2005, there has been a consistent endeavor to implement the Act in letter and spirit in the University.

In the light the of the directives of Central Information Commission vide D.O. No.CIC/AT/D/10/000111 dated 15.11.2010 read with instructions of Central Information Commission vide No.CIC/AT/D/10/000111 dated 15.11.2010 to the Secretaries, Government of India, the Ministry of Human Resource Development was requested for obtaining guidelines in this regard in the month of August 2011. Since no instructions were received, therefore, no further action could be taken in this regard.

The transparency has not become such a good idea because of the presence of the RTI Act, but it is good because transparency promotes good governance.

The Vice-Chancellor has given the importance of this initiative for promoting not only transparency but over all good governance and designated Dr. Salik A. Siddiqui, (presently posted as Dy. Registrar-NT) as **Transparency Officer** in addition to his normal assignment with immediate effect till further order.
